INFORMATION FOR PARENTS

Upper and Middle Schools

ABSENCES

After absence because of illness Upper School girls must report immediately to the School Nurse with a note from the parent stating *specific* cause of absence. Middle School girls must report to the homeroom teacher with the parent's note.

Regular attendance is required of every student. If an absence for reasons other than illness is necessary, Middle School parents must make arrangements with the Director and Upper School parents with Miss Potter well in advance. All work must be made up.

EARLY DISMISSALS

No student may be excused early to aid at any community function.

If, because of some unusual circumstances, a girl must be excused early, she must present a note from her parent to the office, where she will be given an excuse slip. She is required to show this slip to the teachers whose classes she will not be attending and to return the dismissal slip to the office upon her departure.

LATENESS

A girl who is late to 8:20 roll call must report to the office and get a slip before going to class. Unnecessary lateness will be dealt with by the Director.

BUILDING HOURS

The building will be open from 8:00 a.m. to 5:00 p.m., but the School cannot assume responsibility for girls who arrive before 8:10 or stay after 3:16, unless they have scheduled activities or appointments with teachers.

Girls who must wait for transportation should study in the library, which closes at 4:30.

The building is open on Saturday morning only through special arrangement.

TELEPHONE MESSAGES

To call home girls must use the pay phone booth, which is available to them only before and after school, during recess, or during lunch period.

Parents are asked to make arrangements with their daughters ahead of time. Necessary messages will be posted on Class Bulletin Boards provided they are received by noon. Girls are responsible for watching the Boards for these messages.

CAR PERMISSION

Girls wishing to ride to or from school activities must have the school car permission form signed by parents. These forms are obtainable in the Physical Education office.

ASSIGNMENTS

Students are required to keep daily assignments in uniform note books indexed by subject. These note books should be available at all times for inspection by teachers or parents.

In case of absence of a week or more, the parent should get in touch with the Director. For shorter absences, assignments for girls in grades 5-7 may be picked up in the office after 3:30. Girls from 8th grade up are responsible for obtaining homework assignments and work covered in class by telephoning a classmate.

FRIDAY STUDY HALLS

Although classes end at 2:30 on Fridays, the School reserves the right to schedule a student for Friday Study Hall from 2:30-3:15. Therefore, parents are asked not to make standing appointments for that time.

This Study Hall is for students who have missed class work because of illness, students who need some brief, special individual work with a teacher, or students who need supervised study in a particular subject. **This is a privilege for the student. It is not the duty of teachers to provide such work for girls who fail to pay attention in class or who make no effort on their own to make up work missed.**

The Friday Study Hall list is posted by Wednesday at 2:15 p.m.

LIBRARY RULES

Each girl will be given a library card in which books will be signed out. Fines will be imposed in accordance with public library regulations.

If a book is neither returned nor renewed after two notices from the librarian, warning is sent home that the book will be charged on the student's bill. This bill cannot be cancelled if replacement of the book has already been ordered.

Reserve books must not be taken from the library before the close of school and must be returned the next morning before school. If, because of illness, a girl is unable to return a reserve book herself in accordance with this regulation, she must see to it that either a member of her family or a classmate returns the book so that other students will not be deprived of it.

LOST AND FOUND

Parents are required to see that all clothing and equipment are well marked and that girls do not bring unnecessary money to school.

All lost articles should be turned in to the Athletic Department, with the exception of glasses, valuables, and bookbags, which should be turned into the office. Marked articles may be reclaimed upon payment of five cents per article. A charge of ten cents will be made for unmarked articles.

LUNCH TICKETS

\$5.00 lunch tickets are necessary for purchases in the lunchroom by those who do not take the term lunch.

Lost lunch tickets cannot be replaced.

SUPPLIES

Supplies may be purchased at the school store before school on Mondays, Wednesdays, and Fridays. Textbooks are charged on the school bill, but all other purchases must be paid for in cash.

SCHOOL UNIFORM

The school uniform must be worn daily by Upper and Middle School girls. EACH GIRL IS RESPONSIBLE FOR THE CARE AND CONDITION OF HER UNIFORM. Parents are expected to check their daughter's appearance and to demand the same standard of neatness for school uniforms as for other dress.

Every article of the school uniform is to be **CLEARLY MARKED**.

Earrings are not allowed with uniforms. Small regulation posts may be worn by Upper School girls.

The school uniform consists of the following:

Plaid Wraparound Skirt (to be worn from the second day of school until Thanksgiving and on return from Spring vacation).

Plaid Kilt (to be worn from Thanksgiving to Spring vacation).

Yellow Oxford Cloth Blouse

Navy Cardigan Sweater

Navy Knee-high or Short White Socks

(Upper School girls may wear yellow sweaters with yellow knee socks as an alternate.)

Brown Tie Oxfords

Navy Blazer (Optional)

For Physical Education

Gym Tunic, Bloomers, and Belt

White Gym Blouse

Navy Sweat Shirt and Pants

White Sneakers

Black Cleated Sneakers (from 7th grade up)

(Game Kilt for Upper School "A" Squad members)

All uniform items except socks, shoes, yellow sweaters and game kilts must be ordered from

BENDINGER BROTHERS

Sheridan Building, S.E. Corner 9th and Sansom Streets
Philadelphia, Pa. 19107

(WA 5-9329)

*Order Blanks and Price Lists may be
obtained by phoning the School office.*

(CH 7-7200)

Lower School

ABSENCES

Prompt and regular attendance is required of every student. Springside does not give permission to miss school for outside activities or appointments except for medical or dental emergencies.

A child returning after an illness should bring a note from home stating the cause of absence, unless the parent has been in contact with the school by telephone.

Homework for Absentees

In case of absence, teachers of grades 2, 3, and 4 will have assignments and textbooks in the school office at dismissal time of the *second* day of absence. Parents are asked please to pick these up promptly. In the case of a prolonged absence, further assignments will be mailed home or given over the telephone on request.

BUILDING HOURS

No girl should come to school before 8:10 unless it is absolutely necessary. Please phone the school to make arrangements if earlier arrival is unavoidable.

It is important that girls be called for promptly unless the office has been notified in advance. We cannot provide chaperonage after 3:16.

A note or phone call is required if a girl's after-school plans are changed from the usual. Social engagements should be made at home, not at school.

CLOTHING AND EQUIPMENT

No uniform is required at Lower School, but simplicity of dress is expected. All girls in grades 1-4 should wear blouses and skirts or jumpers with shorts underneath on gym days.

For Kindergarten:

Crib blanket or small bath rug, marked on one side with large letters (No large blankets, please.)

Smock

Extra sweater

For Grades 1-4:

Small blanket (1st and 2nd grades only)

Sneakers (Must be kept at school)

Smock (An old shirt of Daddy's with sleeves cut off provides ideal coverage.)

Outdoor Clothing

Temperature

60-70 degrees Sweaters

Below 60 degrees Jackets or coats

Below 50 degrees Hats

Legs covered for Kindergarten and 1st grade (overalls or jeans)

Below 40 degrees Legs covered (Ski pants are essential for the child's protection when there is snow on the ground.)

All clothing and equipment should be marked with the girl's name.

BIRTHDAY PARTIES

It seems important to re-emphasize at intervals the following policy adopted several years ago by the Parent Teacher Council concerning out-of-school parties:

"It is hoped that invitations to parties will be extended either to less than half of a class section or to the entire section. If the majority are invited, those left out can be greatly hurt."

Some girls elect to have a simple birthday celebration at school. Usually the parent provides paper plates and napkins and a cake or cupcakes to be enjoyed at recess or after lunch by her daughter's section. Arrangements should be made in advance with the homeroom teacher.

WE CAN AGREE

WE CAN AGREE is a set of GUIDING PRINCIPLES to be used in the home. Its purpose is to achieve cooperation among parents and students for a safe and acceptable program of social activities for young people. It is based on parent and student surveys and has been prepared by the Parents Council of Secondary Schools, with the cooperation of the Student Auxiliaries. As Springside is a member of the Council, the Parent Teacher Council has compiled its suggestion below as a service to Springside families. Both the School and the P.T.C. heartily endorse and strongly support these guiding principles.

Presented by Parents Council of Secondary Schools of Suburban Philadelphia.

Established in 1951 in the interests of young people.

Parents are eager to have young people enrich their lives through a wholesome social life. But parents and young people alike need help in battling the gnawing suggestion: **We have to do it because everybody does it.**

Our booklet offers important guiding principles by which most teenagers and their parents are already living. Common sense has showed us that these principles are not restrictive but protective.

In the fall of 1966 both Parents Council and its Main Line branch held student conferences, attended by all their member schools, as well as by school personnel and parents, to discuss the revision of the booklet. A direct result of the conferences was a questionnaire which was distributed to the entire student body of all member schools. This new booklet is the outcome.

We believe that this booklet can best serve the purpose within the families which adopt it through mutual agreement.

FAMILY COOPERATION

1. Sincerity and open-mindedness are important in all discussions between young people and their parents.
2. It is common courtesy to let parents know where you are and with whom, just as it is important for them to let you know where they are.
3. An allowance should be the result of mutual planning based on a discussion of financial needs as well as the ability to manage money. The majority of young people believe this planning should include the privilege of spending their money as they wish, and that none of it should be withheld as punishment.
4. Family plans should be organized so that necessary transportation of young people can be provided, and so that individual members of the family can be reached in case of emergency or change of plans.
5. Parents and young people should have a workable agreement covering casual drop-in visits by members of the opposite sex when parents are not at home.
6. It is the responsibility of parents to take an active interest in their children's appearance since it affects behavior, attitudes and grades. Parents should see that children are appropriately dressed when they leave for school and social functions.

HOME ENTERTAINING

1. Parents should encourage young people to bring their friends home. They should welcome the opportunity to meet their sons' or daughters' companions.

2. It is important that invitations, whether written or verbal, be clear as to type of function, appropriate dress, and time of beginning and ending of a party.
3. Parents should be at home when young people entertain.
4. Although young people do not want their parties to be regimented by parents, both should have a part in making plans in advance.
5. The number of guests should be limited to a group which can be accommodated easily in the home.
6. Uninvited guests should not be admitted. A written guest list will help solve the problem.
7. The host or hostess sets the tone of the party. Should a guest become unruly it may be necessary to call on a parent for assistance.
8. "Lights out" has no place in a well-ordered party.
9. Host parents should see that the party ends at the time stated in the invitation. Guest parents should call for their children at designated time, neither early nor late.

FOR GRADES 7, 8 and 9

The in-between age (grades seven through nine) is largely an experimental period in the social development of young people. With the cooperation of all parents, this period can be a wholesome and happy one, and can aid in the development of social maturity. By setting up desirable and acceptable standards of behavior in the in-between ages, parents and young people can help to avoid later problems.

DATING

1. "Going steady" at this age should be discouraged. Young people profit by a variety of contacts.
2. Group or double dating rather than single dating should be encouraged. Home can be a good place for informal gatherings. Parents can be of great help to young people in assisting them in arranging trips to skating rinks or to other places where they can enjoy group activity.
3. Dating within the age group is strongly recommended not only by school personnel, but by all professionals who have studied this problem.

SCHOOL DANCES

1. Transportation should be provided by parents. This can be a shared responsibility.
2. In planning a dance for young people of this age remember it is more fun to change partners once in awhile.

HOURS

1. A girl and her parents should agree on a definite time for her to arrive home. A boy should be given an opportunity to meet the parents of his date, and to discuss the time for their expected arrival home.
2. It is generally thought advisable for parents to transport boys and girls of this age group. Late wandering on the streets or in public places is dangerous for young people. If ninth grade boys and girls walk home from an early function, a definite time for arrival home should be set.

These are suggested hours for the termination of functions:

Grades	7th	8th	9th
School, Community, Church Functions.....	10:00	10:30	11:30
Home parties	10:00	11:00	11:00
General dating		10:30	11:00

"A word to the wise . . .". While drinking of alcoholic beverages, fortunately, is not a general problem in this age group, there are circumstances where it may become one. Dating within the age group is strongly recommended by school personnel. However, some eighth and ninth grade girls "date" high-school boys. They, therefore, may be confronted with the liquor problem. The dangers are numerous and apparent.

Boys and girls of this age group ordinarily can not be licensed to drive cars. However, some of their friends may be driving, and parents should be alert to the dangers involved in allowing their sons and daughters to ride with young, inexperienced drivers.

FOR GRADES 10, 11 and 12

DATING

1. Social activities other than school-sponsored events should be limited to weekends and holidays.
2. Dress should be appropriate to the activity, and should indicate pride in one's self and respect for others.

HOURS

The following are suggested hours for the termination of functions.

Grades	10th	11th	12th
Formals	12:00	1:00	1:00
Informals	11:30	12:00	12:00
Home parties	11:30	12:00	12:00
General dating	11:30	12:00	12:00

1. A girl and her parents should agree on a definite time for her to be expected home. A boy should be given an opportunity to meet the parents of his date, and to discuss time for expected arrival home.
2. Following a dance or party students may want to stop at a restaurant or a private home for something to eat. Since it is unsafe for young people to be on the streets late at night, it is essential that a reasonable but definite time be set for their arrival at home. It is essential that they telephone home in case of delay.
3. The Pennsylvania State Driver's Law is the final authority in deciding how late a driver who is a minor may operate a car. It states: "This license not valid between the hours of midnight and five a.m. unless licensee is eighteen years old, or is accompanied by a parent or legal guardian."

DRIVING

1. Parental consent for driving privileges should be based on young people's proof of ability to control themselves and the car. A respect for the welfare and safety of others is essential.
2. Trained instruction is urged. Unskilled driving, as well as poor driving attitudes, can jeopardize lives and the economic welfare of an entire family.
3. Parents should be firm in their decision to take away the car privilege when it is abused. On the other hand, they should be generous in their praise of proper driving attitudes and careful handling of the car.

4. Overcrowding of a car is dangerous.
5. Parents of inexperienced drivers should not allow them to carry passengers.
6. Riders have a share in the responsibility for safe driving. Dares and jeers from riders have been responsible for more than one death.
7. It is dangerous to ride with an irresponsible driver.

DRINKING

Section 675.1 of the penal laws of Pennsylvania prohibits "the Purchase, Consumption, Possession or Transportation of Intoxicating Liquors or Malt or Brewed Beverages by Minors . . . It shall be unlawful for a person less than twenty-one years of age to attempt to purchase, consume, possess or to transport any alcohol liquor or brewed beverages within the Commonwealth."

1. No one has the moral or legal right to serve any alcoholic beverage to other people's children. The adult who does so is legally liable for any of the serious consequences which may result.
2. Parents should ask a young person to leave if he brings alcoholic beverages to a party. No alcoholic beverages should be accessible to young guests.
3. Young people should know that it is dangerous to ride with a driver who has been drinking an alcoholic beverage. Alcohol even in small amounts slows the reflexes and hampers efficiency.

NARCOTICS

The use of narcotics in any form unless prescribed by a licensed physician is highly dangerous. Medicine has not been able to measure with real certainty the tremendous damage resulting from unauthorized use of drugs and narcotics.

Legally, the use, importing or dispensing of narcotics and dangerous drugs is forbidden by federal law. The drug, device and cosmetic act of 1961 includes Act 693 which covers narcotics, drugs and dangerous drugs.

FOR PARENTS

1. Do you always tell your children where **you** are? It is just as important for children to know where parents are as for parents to know where their children are.
2. Parents should be on call at their young people's parties, but not intrude on them. Trust may start here.
3. Do you set a good example for your young people all the time? Part of the time? Young people may learn more social behavior from watching their parents than from listening to them.
4. Do you accept all your children's friends whether you like them or not? Do you recognize their right to choose their own friends?
5. In spite of your love for and interest in your children, when you ask questions are you sincerely interested in their activities or are you prying? How would some of your questions sound if you were a teenager?
6. Are you willing to suggest and not force social activities on your child?
7. Do you give your children the same time and consideration you would give another adult?

8. Are you careful not to embarrass your children in front of their friends or yours?
9. Parents are under **legal** obligation to make certain that any car driven by their son or daughter is in safe operating condition and properly insured.
10. It is the responsibility of parents to take an active interest in their children's dress since it affects behavior, attitudes and grades. Parents should see that students are appropriately dressed when they leave for school and social functions.

LAWS IMPORTANT FOR TEENAGERS TO KNOW

1. PENNSYLVANIA STATE DRIVERS LAW. "This license not valid between the hours of midnight and five a.m. unless licensee is eighteen years old, or is accompanied by a parent or **legal guardian**."
2. Section 675.1 of the penal laws of Pennsylvania prohibits "the Purchase, Consumption, Possession or Transportation of Intoxicating Liquors or Malt or Brewed Beverages by Minors . . . It shall be unlawful for a person less than twenty-one years of age to attempt to purchase, consume, possess or to transport any alcohol liquor or malt or brewed beverages within the Commonwealth."
3. The drug, device and cosmetic act of 1961 includes Act 693 which covers narcotics, drugs, and dangerous drugs. It forbids the use, importing or dispensing of narcotics and dangerous drugs. This is a Federal law.
